SLOT CHANNEL
LOOK100

LOOK 100

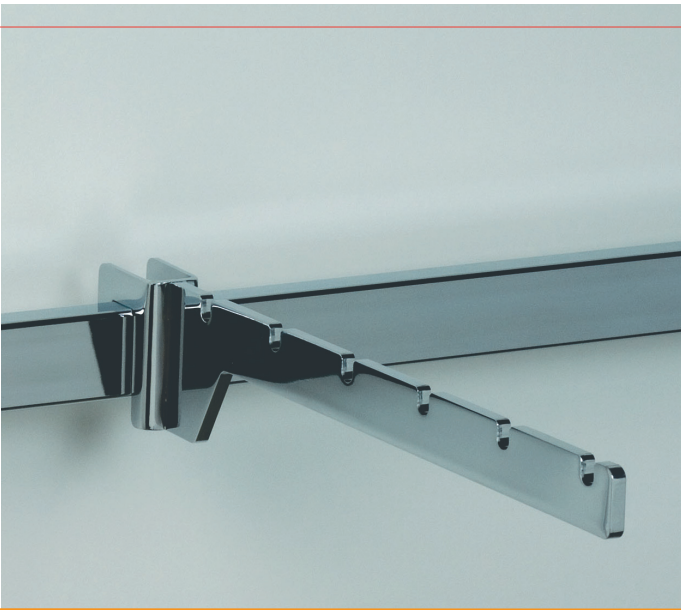

Design

This steel slot channel range with a 37-mm pitch offers the professionals adapted solutions for the merchandising of heavy products. It is composed of single and double-slot U-channels for classic applications, and of an Omega-shaped channel corresponding to the most recent trends for wall installations. This very unobtrusive Omega slot channel is fixed to the back side of a 19-mm panel. A choice of modern-style accessories meets all the requirements of ready-to-wear and heavy products markets. The LOOK 100 range is compatible with all the SOFADI steel systems.

Material/Finish

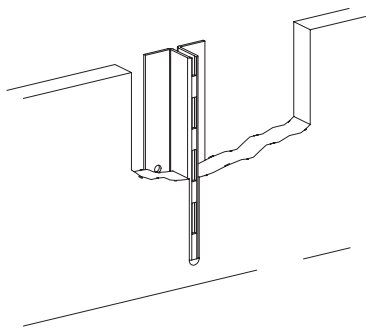

The LOOK 100 steel channels and accessories are available in white and grey lacquered finish. Special finish is also possible. Clothes rails and arms are chromium plated.

	Material	Finish
	Steel	White lacquered Grey lacquered
	Steel	White lacquered Grey lacquered
