

SYNOPTIC TABLE*

Surface-mounted or sunk slot channel
Length: 2013 / 2975 / 6120 mm

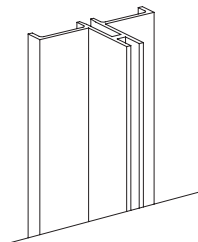

Art. no. E20 / E30 / E60

Surface-mounted slot channel
Length: 1532 / 2013 / 2531 mm

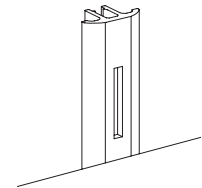

Art. no. M15 / M20 / M25

Slot channel sunk from behind
Length: 1532 / 2013 / 2531 mm

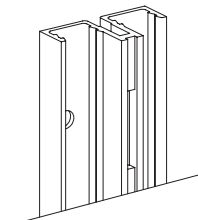

Art. no. M1915 / M1920 / M1925

Overlapping slot channel
Length: 2975 / 6120 mm

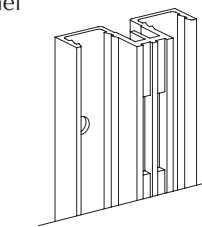

Art. no. R30 / R60

Single-slot panelling channel
Length: 2531 / 2975 / 6120 mm

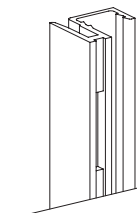

Art. no. CR12125 / CR12130 / CR12160

Double-slot panelling channel
Length: 2531 / 2975 / 6120 mm

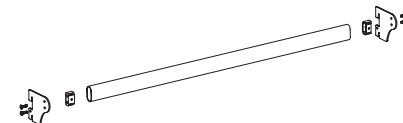

Art. no. CR121125 / CR121130 / CR121160

Lateral panelling channel
Length: 2531 / 2975 / 6120 mm

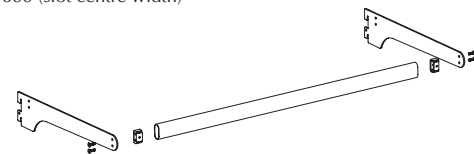

Art. no. CR12725 / CR12730 / CR12760

Support rail kit
Standout: 40 mm
Length: 600 (slot centre width)

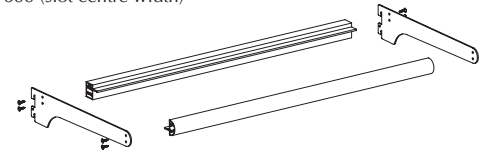

Art. no. CBC0460 **x1**

Clothes rail kit
Standout: 300 mm
Length: 600 (slot centre width)

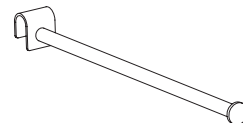

Art. no. CBP3060 **x1**

Shelf bracket kit
Standout: 200 / 300 mm
Length: 600 (slot centre width)

Art. no. CBT2060 / CBT3060

Straight arm for support rail
Standout: 200 / 300 / 400 mm

Art. no. CBR20 / CBR30 / CBR40 **x1**

Double-wire hook for support rail
Standout: 200 / 300 mm

Art. no. CBF20 / CBF30 **x1**

SLOT CHANNEL **SQUARE**
DESIGN STEEL

SQUARE DESIGN STEEL

Design

The SQUARE DESIGN STEEL range offers the professionals homogenous solutions for the fitting-out of ready-to-wear boutiques. This simple and polyvalent system allows the combination of wooden and glass shelves with a harmonized look. It is completed with a choice of arms hung on support rails. The accessories are screw-fixed.

Material/Finish

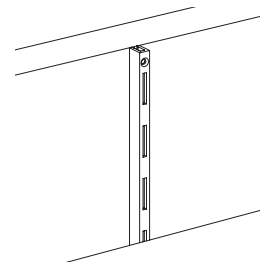

The slot channels are made of an aluminium alloy allowing various anodized finish. The steel brackets are available in white finish. Clothes rails, support rails and accessories are chromium plated. Front and rear shelf profiles are made of white powdercoated aluminium.

	Material	Finish
	Aluminium	AS: Satin silver anodized
	Steel	White lacquered
